

Bryan James Buckhouse

October 6, 1965 - February 12, 2019

Bryan James Buckhouse was born October 6, 1965 in Minot, ND to Jim and Judy Buckhouse. He grew up with his siblings Tim (DeAnn) and Kim (James) in a military household full of adventure. Bryan settled in Fargo, ND in the late 90's and started a family. His daughter Tiffaney (Chad) Perkins resides in Perley, MN, just outside of Fargo. His son Brad (Fabiola) Tetzloff resides in Motley, MN with their two children, and his youngest son, Sterling Ottum, of Grand Forks, ND.

Always working with his hands and technology, Bryan started with G.R. Graphics in Fargo on February 25th, 2000. When the time came that a merger was offered with Marco, he went along for the ride. Bryan started as a large-volume printer service technician, but suffered a broken foot in 2016 that caused him to join the phone support desk as a master technician instead.

Bryan had a deep love for history's mysteries. He was the family genealogist, an avid fisherman, a tech collector, and film connoisseur. He would spend his free time working on the family tree and binge watching movies and British TV in the winter, or in the summer if he wasn't at work he was on a lake.

Bryan lost his battle with ongoing depression on February 12, 2019. He is survived by his parents, his siblings, his children and grandchildren, and a host of extended family. A memorial service will be held at Hanson-Runsvold Funeral Home Saturday, February 16th at 2:00 PM in Fargo.

Comments

“ My deepest sympathy to Buckhouse family. I never met Bryan personally but contacted him a number of times while working on my North Dakota Family Tree. The Tree he created was amazing and a blessing to thousands.
