“ Nancy and I were in the same 4-H club. My dad and her dad, Milton, worked together doing fieldwork on occassion. Our families were neighbors and I mourned the loss of her parents. Please accept my condolences; you have my prayers.

“ I knew Nancy when she worked at SEHSC, and I had the pleasure of working with her at Robert Asp the last few years. Nancy worked with students with a variety of needs in different settings. She enjoyed working with students, and she helped them succeed. Nancy also enjoyed visiting with co-workers, and she had a great sense of humor. She will be missed.

“ Nancy and I graduated from the same high school, although 5 yrs apart. We became great horse friends and spent much of the high school summers on horseback and on those Minn field roads and dusty gravel roads. Sometimes we'd get to giggling and lose our grip and end up on our butts on those roads. She will be so very missed by so many friends and family. Rest in peace my old friend.

“ Nancy & I graduated together from H.S. in '73. We had become very good friends during those H.S. years & shared many good times together. After graduation, our lives went in different directions but when we would meet up, it was like we never really parted. I miss you already Nance & will see you again some day.

Rest in Peace dear friend

“ Nancy was there for me when I first began working in Vr. She had expertise in working with individuals with developmental difficulties. She was my mentor for my first few years in Vr. Her boys went to school with my son and I enjoyed interacting with them even though Nathan would frequently tell me to get a haircut. She and I worked together for many years and often visited during that last 4 to 5pm slow time before heading home for the day. Rest in peace Nancy.
